

VisiPRO®

Data Collection and Visualization

Monitor your flexo-folder-glueers live with Valco's new VisiPRO technology. Graphical presentations of machine performance provide measurable process data critical for customers, ROI analysis, and capacity analysis.

- Event tracking
- Down-time tracking
- Historical machine data
- Defect/scrap monitoring
- Optional wireless routers for easy deployment
- "Thin-client" access- Web browser application that requires no special desktop software
- Live production status of any VisiPRO enabled machine from any network location in the plant

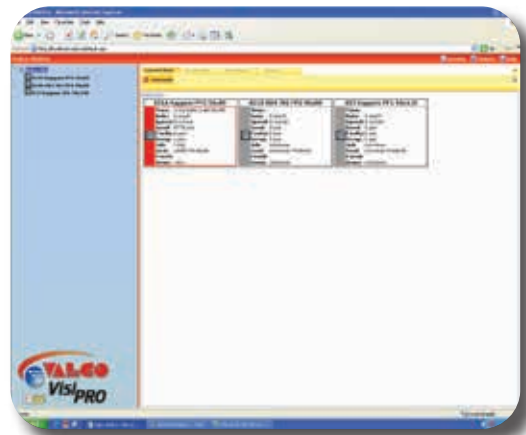

Two optional operating systems available:

1. Stand Alone Computer for Operating System Requirements:

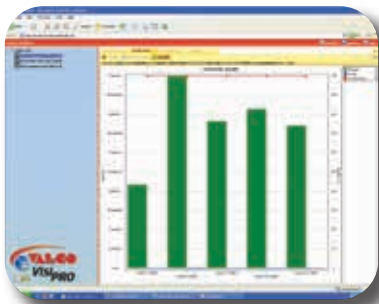

Windows XP with Service Pack 2 or later
